

APPENDIX A

NON-ENTITLEMENT CDBG JURISDICTIONS AMERICAN COMMUNITY SURVEY (ACS) AND UNEMPLOYMENT DATA FOR NEED SCORING

All data below, except Unemployment, is from the American Community Survey (ACS) Data 5-Year Summary File. The other Need data is compiled by the California Department of Finance for HCD. The Need data below is updated when HUD updates ACS data for Low/Mod, which did not happen this year, so the need data for 2017 is the same as 2016 NOFA, except Unemployment. This data will be used in the Need category scoring for CDBG applications that include an Economic Development, Housing Rehabilitation, Homeownership Assistance, Housing Acquisition, Multi-family Housing, Public Improvements, Public Facilities, Public Services, or Public Improvements in Support of Housing New Construction activity. Applicants are not allowed to submit any other data for scoring purposes, unless it is an income survey that is approved by the Department. Unemployment data is updated annually based on Employment Development Department (EDD) statistics.

See 2017 NOFA for list of CDBG NOFA Representatives with contact information.
